

**W BEAVER FIT™**  

---

**HUMAN PERFORMANCE**

## EXPAND BEYOND THE WALLS OF YOUR TRAINING FACILITY

BeaverFit is the industry leader in providing outdoor functional training equipment. To date, we have installed thousands of outdoor training solutions to all branches of the US Military, NATO forces, Universities, Fitness Clubs and Fortune 500 Companies.

BeaverFit was founded by British bridge builders and former US Navy Riverines. This unique partnership combines our passion for functional training and intelligent engineering, enabling us to design products with the rugged durability needed to withstand intensive military training in the harshest environments in the world.

**PREPARE. TRAIN. EXECUTE.**

## BUILT WITH PURPOSE.

### MADE IN THE USA

#### *Veteran Owned*

All BeaverFit equipment is designed and manufactured in our HQ facility in Reno, NV USA.

### INTERACTIVE DESIGN

#### *Collaborative*

We collaborate with customers to create the ultimate outdoor training area based on their available space, target budget and desired outcomes.

### ULTRA STABLE AND DURABLE

#### *Dam Strong*

We utilize 7 gauge 3x3 steel tubing for all non portable solutions as opposed to the less durable industry standard of 11 gauge steel and 2x2 tubing.

### INSTALLATION:

#### *Turnkey*

We offer white glove installation services to create a pain-free installation and delivery experience.

### SUPERIOR WEATHERPROOFING

#### *Built for the Outdoors*

For almost a decade, military forces have used our products in the harshest outdoor climates in the world. Utilizing hot-dip galvanization and powder coat, our products are purpose built for outdoor use.

## SHRED SHED

---

**THE BEAVERFIT SHRED SHED** is a patented, multi-use storage shed, custom-fabricated to anchor a BeaverFit functional training rig and store the equipment necessary to create a world class, multi-modality training center.

////////// AVAILABLE AS STORAGE-ONLY, WITH RIG ATTACHMENTS  
OR COMPLETELY CUSTOMIZABLE

- + Train up to 30 individuals simultaneously
- + Ultra stable, patented, free-standing design
- + Built for the outdoors
- + Make it your own: custom colors and branding available

## OUTDOOR RIGS

**BEAVERFIT PERFORMANCE RIGS** are world-class functional training solutions that are heavy duty and multi-functional with self-stabilizing options. Our standard configurations have been carefully designed to meet a variety of training goals, but our true specialty lies in customizing any Rig to meet the specific needs, demands and budget of any and all customers, whether Military Special Forces, CrossFit® boxes, the local gym, or a backyard enthusiast.

### ////////// MULTITUDE OF CUSTOM DESIGN AND SIZES AVAILABLE

- + Built for the outdoors
- + Make it your own: custom colors and branding available
- + Create your own fitness experience:
  - » Strength Training
  - » Boxing
  - » Functional Fitness
  - » Body Weight / Suspension Training

## BEYOND TRAILERS

**BEAVERFIT BEYOND TRAILERS** provide innovative mobile training solutions for military commands, on-the-go athletes, outdoor enthusiasts, fitness professionals and commercial gyms ready to go beyond traditional and outdated indoor training facilities. These trailers feature patented unfolding strength racks that can be set-up by a single user in a few minutes, with no tools required.

### ////////// AVAILABLE WITH EITHER 2 OR 4 FOLD-OUT SQUAT RACKS

- + Train either 30 or 60 individuals simultaneously
- + Available in 2 sizes: Nomad - 6 x 12 and Explorer 6 x 18
- + Patented, ultra stable design that includes secure storage while in transit
- + Built for the outdoors
- + Make it your own: custom colors and branding available

## PERFORMANCE LOCKERS

**BEAVERFIT PERFORMANCE LOCKERS** are standard shipping containers custom-fabricated to anchor BeaverFit Training Rigs and provide weather-proof lockable storage for all the equipment necessary to create a world class multi-modality training center.

////////// **CREATE THE ULTIMATE OUTDOOR FITNESS EXPERIENCE**

- + Patented, ultra stable & free-standing design
- + Built for the outdoors
- + Make it your own: custom colors and branding available
- + 5 standard sizes with standard or custom accessory equipment packages

5' Ideal for training up to 30 people

8' 10' Ideal for training up to 60 people

20' Ideal for training up to 90 people

## SMALL SPACE SOLUTIONS

**THE BEAVERFIT SMALL SPACE SOLUTIONS** provide effective functional training in areas never before possible. Designed for the outdoors, these solutions have a large impact within a small footprint.

////////// **FITTING FITNESS INTO ANY SPACE, WITH ROOM TO SPARE**

- + Built for the outdoors
- + Multi-modality portable solutions
- + Lightweight design using 2x2 11 gauge steel

## CUSTOM BRANDING

Make your BeaverFit Solution as unique as your organization with custom colors and branding.

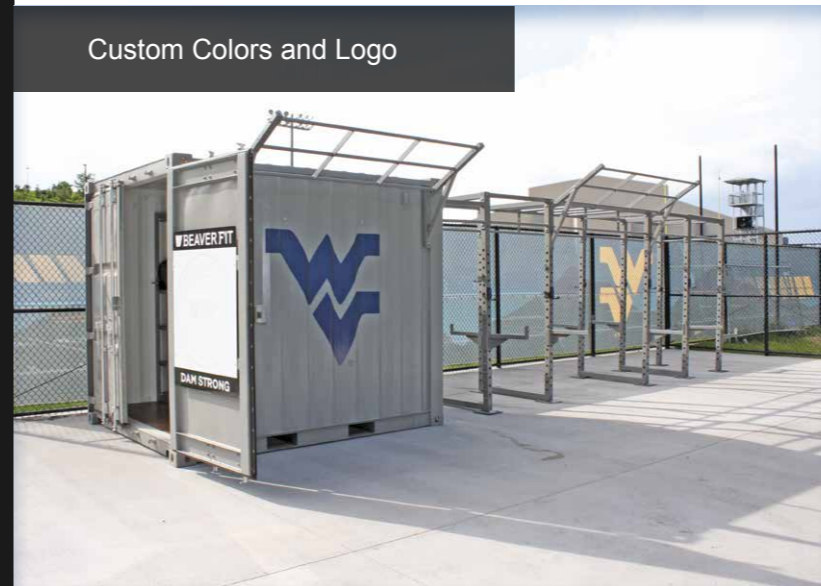

### ////////// CREATING A UNIQUE TRAINING EXPERIENCE

- + Custom Colors: Lockers, Shred Shed, Beyond Trailers, rigs, and attachments
- + Custom Logos: Lockers, Shred Shed and Beyond Trailers
- + Custom Branding Plates: Lockers, Shred Shed, Beyond Trailers, and rigs

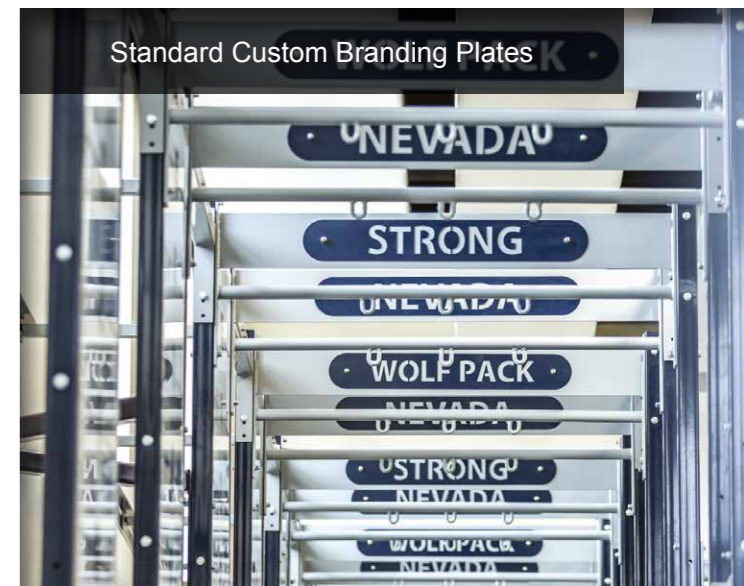

Large Custom Branding Plate

Custom Colors and Logo

Standard Custom Branding Plates

## COMPLETE CUSTOMIZATION - A PROVEN PROCESS

We understand that no two facilities or training programs are alike and we want to help you create an outdoor training center to meet those unique needs. Our completely custom solutions can be created to meet your unique requirements including specific fitness modalities, space requirements and budget targets.

### CONSULTATION

Customers are welcomed to consult with the BeaverFit Sales Team to review project scope: fitness requirements, branding options, budget, installation, timelines.

### DESIGN

A dedicated BeaverFit Design Engineer takes that information and creates a 3D rendering.

### DIALOGUE

The BeaverFit Sales Team will share this 3D rendering package with the customer and capture any feedback/adjustments.

### CONFIRMATION

The BeaverFit Sales Team will create a detailed proposal with renderings, attachments, anchoring requirements, accessories (if desired), pricing and estimated delivery/install timeline for customer sign off and approval.

### FABRICATION

The BeaverFit Manufacturing Team fabricates the custom solution at our headquarters in Reno, NV

### INSTALLATION

BeaverFit Implementation team coordinates the delivery and install of the new custom solution.

## COMPLETE CUSTOMIZATION - PROVEN RESULTS

“

*Our BeaverFit Rig has entirely changed our facility, for the better. We were able to add **30% more members** to our gym including a booming youth program. Since the Rigs are **100% custom made** we were able to facilitate different bar heights throughout our rigs so the youth can get up on the bars with ease and we have plenty of bars high enough for even our tallest adults.*

- SEAN SWEENEY, CROSSFIT POWERSTROKE

”

**30%**

MORE MEMBERS  
TO OUR GYM

“

*BeaverFit was able to provide a level of customization and service that left the others in the dust.*

”

- JIM FITZSIMMONS, DIRECTOR FITNESS  
AND RECREATIONAL SPORTS, UNR
